

OPEN HEALTH

# ISPOR EU 2023

November 12–15 | Copenhagen, Denmark | Booth C2–012

## Short Courses

Title	OPEN Health Participants	Session
Going Beyond the Standard: Exploring Advanced Survival Modeling Techniques	Elisabeth Fenwick, Claire Simons	Nov 12, 2023 1:00 pm – 5:00 pm CET

## Issue Panel

Title	OPEN Health Participants	Session
The Role of Patient Preferences in Economic Evaluations: Barriers and Opportunities for a Patient-Based QALY	Ben Van Hout	Nov 13, 2023 10:00 am – 11:15 am CET

## Posters

Title	OPEN Health Authors	Session
Identifying Oncology Effectiveness Endpoints Using Administrative Secondary Databases: An Example Utilising Hospital Episode Statistics in England	Chris Rolfe, Myriam Alexander, Emily Wilkes, Dave Heaton	Poster Session 1 Nov 13, 2023 10:30 am – 1:30 pm CET
Plasma Last Liter Economics and Its Impact on the Costs of Major Human Polyvalent Immunoglobulins in Europe	Laurie Marlow, Juliette Torres Ames	Poster Session 2 Nov 13, 2023 3:30 pm – 6:30 pm CET
Incorporating Background Mortality Into Survival Extrapolations: Determining the Accuracy Using a Simulation Study	Daniel Hordijk, Anna Gittfried, Niels Dunnewind	Poster Session 2 Nov 13, 2023 3:30 pm – 6:30 pm CET
Health Technology Assessment Paradigm in Rare Diseases: Critical Determinants and Recommendations	Paridhi Jain, Shruti Pandey, Amrita Ostawal	Poster Session 2 Nov 13, 2023 3:30 pm – 6:30 pm CET
The Role of Artificial Intelligence in Decoding the Placebo Response - Implications for Clinical Research and Practice	Petra Nass	Poster Session 2 Nov 13, 2023 3:30 pm – 6:30 pm CET

## Posters

Title	OPEN Health Authors	Session
Digital Therapeutics (DTx): Market Access Challenges And Stakeholder Perspectives In Germany	Dorothea Heldt, Emanuele Arca	Poster Session 2 Nov 13, 2023 3:30 pm – 6:30 pm CET
Cost-Effectiveness of Voclosporin in Combination with Mycophenolate Mofetil for Active Lupus Nephritis in Sweden	Anna Gittfried, Varun Ektare, Tom Blaikie	Poster Session 2 Nov 13, 2023 3:30 pm – 6:30 pm CET
Timely Reimbursement: The Impact of Early Access Programmes in Non-Squamous Non-Small Cell Lung Cancer	Sarah Webb, James Mercure	Poster Session 2 Nov 13, 2023 3:30 pm – 6:30 pm CET
Patient Experience of Second-Line Treatment for Relapsed/Refractory Chronic Lymphocytic Leukaemia in UK Clinical Practice: Study Methodology	Emily Evans, Kelly McCarrier	Poster Session 3 Nov 14, 2023 10:30 am – 1:30 pm CET
Cost-Effectiveness of Mavacamten for the Treatment of Patients with Symptomatic Obstructive Hypertrophic Cardiomyopathy in the Netherlands	Maarten Treur, Gijs van de Wetering, Linde Pronk	Poster Session 3 Nov 14, 2023 10:30 am – 1:30 pm CET
Identifying and Appraising Fit-for-Purpose Data Sources for Real World Evidence Studies: A Structured Approach to Conducting Data Source Feasibility Assessments	Hannah Matthews, Myrian Alexander, Fiona Glen	Poster Session 3 Nov 14, 2023 10:30 am – 1:30 pm CET
Multiple Myeloma (MM) Refractory to Lenalidomide: A Systematic Literature Review (SLR) of Randomised Controlled Trials (RCTs)	John Carter	Poster Session 3 Nov 14, 2023 10:30 am – 1:30 pm CET
Preferences of Nurses for Attributes of Pediatric Hexavalent Vaccines in the United Kingdom	Marco Boeri	Poster Session 4 Nov 14, 2023 3:30 pm – 6:30 pm CET
Trial-level endpoint surrogacy analysis: Feasibility assessment and comparison of different methodological approaches	Svenja Petersohn, Sounak Das, Nishan Shaik, Sonja Kroep	Poster Session 4 Nov 14, 2023 3:30 pm – 6:30 pm CET
Baseline Natural History Models in Network Meta-Analysis: Guidance Versus Implementation in National Health and Care Excellence (NICE) Appraisals	Anna Gittfried, Zoe Cheah, Claire Ainsworth	Poster Session 4 Nov 14, 2023 3:30 pm – 6:30 pm CET
Preferences of Healthcare Providers in Switzerland for Attributes of Pediatric Hexavalent Vaccines	Marco Boeri	Poster Session 5 Nov 15, 2023 9:00 am – 11:30 am CET

## Posters

Title	OPEN Health Authors	Session
Fixed effect versus random effects Bayesian network meta-analyses in practice: what is used to inform National Institute for Health and Care Excellence (NICE) technology appraisals?	Zoe Cheah, Anna Gittfried, Claire Ainsworth	Poster Session 5 Nov 15, 2023 9:00 am – 11:30 am CET
Priors on Between-Study Heterogeneity in Bayesian Meta-Analysis Models: A Simulation Study Using Hamiltonian Monte Carlo Sampling	Niels Dunnewind, Claire Ainsworth, Sonja Kroep	Poster Session 5 Nov 15, 2023 9:00 am – 11:30 am CET
A Quinquennial Review of the WHO's Global Call for Action to Eliminate Cervical Cancer - an Indian Perspective	Nita Santpurkar, Nick Halfpenny	Poster Session 5 Nov 15, 2023 9:00 am – 11:30 am CET
Identifying and Extrapolating Immature OS Data in Survival Analysis: A Review of the Variation in Methods Used in Oncology STAs for NICE	Ana Moura, Elizabeth Westerberg, Zoe Cheah, Melissa Ho, Claire Simons	Poster Session 5 Nov 15, 2023 9:00 am – 11:30 am CET
Proportional Hazards in Survival Analysis: A Review of the Variation in Determining and Presenting PH in NICE STAs	Zoe Cheah, Elizabeth Westerberg, Melissa Ho, Claire Simons, Ana Moura	Poster Session 5 Nov 15, 2023 9:00 am – 11:30 am CET
Observations of Patient Preference in the Creation of Treatment Support Materials	Jasmine Malone, James King	Poster Session 5 Nov 15, 2023 9:00 am – 11:30 am CET
Comparative Efficacy of Voclosporin in Combination with Mycophenolate Mofetil versus Other Treatments in Active Lupus Nephritis: Systematic Review and Network Meta-Analysis	Mark Lambton, Anna Gittfried, Lohit Badgujar, Tom Blaikie, Varun Ektare	Poster Session 5 Nov 15, 2023 9:00 am – 11:30 am CET
Psychometric Validation of QLQ-OES18 in 2L Esophageal Squamous Cell Cancer (ESCC) Patients Treated with Tislelizumab Versus Chemotherapy	Lauren Podger	Poster Session 5 Nov 15, 2023 9:00 am – 11:30 am CET
